

PUBLIC MEETING

Sargent County Multi-Hazard Mitigation Plan

The purpose of mitigation planning is to identify policies and actions that can be implemented over the long term to reduce risk and future loss. The planning process is as important as the plan itself. It creates a framework for risk-based decision making to reduce damages to lives, property and protect the economy from future disasters.

Benefits of mitigation planning:

- Identify cost effective actions for risk reduction
- Focusing resources on the greatest risks and vulnerabilities
- Building partnerships
- Increasing awareness of hazards and risks
- Communicating priorities to state and federal officials
- Aligning risk reduction with other community objectives

Please join us for a kick off meeting for our Multi-Hazardous Mitigation Plan Update. Anyone that is a stakeholder in Sargent County and would like to be a part of aiding in the protection of our county moving forward is encouraged to attend.

.....

Date: Tuesday, March 10, 2020
Time: 12:00 p.m.
Place: Sargent County Courthouse
Conference Room
