

**Sargent County Water Resource District
Special Meeting Minutes
Drain Tour 6/25/2025**

Sargent County Water Resource District Managers Roger Zetocha, Todd Stein, & Michael Wyum, and Nathan Trosen, the Board's Engineer, departed the Cogswell Community Center at 8:00 AM on 6/25/2025 for a tour of facilities owned and operated by the Sargent County Water Resource District in western Sargent County.

At 8:05 AM they inspected the inlet to the Cogswell Tile as well as the upstream drainage. It was noted that additional weep holes could be drilled into the inlet pipe to improve the efficiency of the flow into the pipe.

At 8:15 AM they began the tour of Drain 11 starting at the North Reach of the Drain. It was noted that there are a couple areas of sloughing to continue to monitor and some areas of cattails that could be sprayed.

At 9:45 AM they toured the South Reach of Drain 11. A couple more areas of sloughing to be monitored was noted along with areas of cattails and small trees that could be sprayed.

At 10:30 AM they toured Drain 9. Maintenance items noted included large trees that have fallen down into the channel in Section 31 of Taylor Township along with areas of cattails and small trees that could be sprayed throughout the Drain.

At 11:00 AM they toured the main reach of Drain 11. It was noted that there are a few small trees starting to grow on the road slope of the downstream 2 miles of the channel that could be sprayed.

At 11:30 AM they toured Drain 4. Cattails that can be sprayed were noted in the majority of the open channel portions of the Drain.

The Drain tour was adjourned at 11:45 AM.
